This is not just another evening of talk. This is not just a concert of songs that just entertain. **“Deeper Than the Skin”** is an experience of singing and listening... of experiencing a connection so deep that it makes you laugh, smile, cry and reconsider what you know about our history. It’s an invitation to open your heart and mind to a story of shared humanity that resonates with your own. Two friends... one Black, one White... one from the North... one from the South; Musicians, storytellers, students of history and world travelers... Two separate narratives forged into one powerful friendship aimed at finding common ground and helping others to do the same.

**“Deeper Than the Skin”** brings together a remarkable journey that started 30 years ago and is now offering hope to people all over the nation. It’s a presentation that ends with an open dialogue that moves the audience from emotion into action...that gives voice and direction to the question “What can I do?”

**“Deeper Than the Skin”** is an interactive, engaging invitation to take a step into a new reality. It’s an affirmation of the notion that a more perfect union begins.... with us!
